“ My brother Michael was a unique and creative person. He had a humorous personality that was sometimes hard to figure out. He did make people laugh especially my daughter delani. For me my brother was the world, he was my best friend and protector. He gave me advice and was always there to listen to me. I was very lucky to have him for a brother. He never said no to me when we were young to play house with me or any other games. He was never to busy to comfort me and talk to me when we were in high school and I was dealing with family issues that only Michael understood. He was a true friend. A lot of people though would see a very tough, stone faced guy u never would want to mess with. For the very lucky and few got to see a very caring, giving, funny man. He was never fake or unkind. I will miss him forever and be eternally grateful that he was mine. With a loving heart your sister Kerry.
