

Michael T. "Mike" Yob

September 17, 1957 - October 23, 2024

Hampton - Michael (Mike) T Yob, 67, died in his home on October 23, 2024 surrounded by his family.

He was born September 17, 1957, in Winthrop, Mass, the son of Kenneth Yob and Patricia Yob Mattheson.

He is survived by his wife of 41 years, Kathleen Harrington Yob, daughter, Danielle Yob, 5 grandchildren: Jacob Baker, Isabel, Filipe, Christian and Brianna Martins, his mother, Patricia Yob Mattheson and 5 siblings: Carrie Yob Cazenave, Tracy Yob St. Amand, Terri Yob Hennessey, Jennifer Yob McCusker, and Christopher Yob, their spouses and many nieces and nephews.

Mike lived a life full of adventure, living aboard his dream boat in Florida, fishing the NH coastline and boating the NH lakes. He was gifted with many blessings: an artist, musician, craftsman and master of many trades. He was always willing to share the gifts bestowed upon him to whoever was in need. His presence brought light and laughter to all around him.

He has left this physical world and will be greatly missed by all who know him. His spirit will live on, being remembered for his sense of humor and generous laugh with daily reminders of him in the objects he created and shared with all

of us. Words that come to mind to describe him: gifted, amazing, determined, strong, boundless and an adventurer.

“ I'll always treasure the times, many years ago when our children and we were much younger, playing guitar together in his basement. He was a talented and determined guitar player who was always trying to get better. We had a lot of laughs and occasionally got through a complete tune before our kids would come down the stairs curious about the music.
I remember those times and think of them quite often. When I think of my friend Mike, those are the times that I will carry with me.

*Kathleen and family, sppo sorry for your loss. My memories of Mike, at the OC, as the man you could turn to when something needed to be done. Aman with a great smile, strong and gentle with a positive attitude. Who could tackle anything like a pro.
May he rest in peace.
