“ *This news saddens my heart and brings a flood of memories. We met in 10th grade at Ainsworth in Flint and have been lifelong friends since then. Michelle looks at me every day from her photos that hang on my walls to the amazing little mending kit she made for me to the rubbings we made from my ancestors' gravestones in West Boyleston. Motorcycle adventures, hiking adventures, dog adventures, boyfriend adventures, adventures with Paul and David, Dr Kren's chemistry class at Flint UM, Dr Crum and the Herbarium, sketches all over our apartment in Ann Arbor, Blandford Nature Center in Grand Rapids . . . it just goes on. Art and care for the people and the world around her ran through all of it. Grant, you were wonderful for her and I am so sorry she had to leave us so soon. I think of her often and she will continue to live in my heart.*

I loved and will always appreciate her keen mind, her generous heart, her wonderful sense of humor, her presence as friend and helper, She is in my fond thoughts every time I make scones. “ I first met Michelle at Flint U of M and we had many years of adventures. And then she went away and later we learned she got married to a man who "boiled water" for a living. Grant, David and I are so very sad for the loss of your life's partner and of our friend. She was a most extraordinary person and a great loss to our world.

“ Grant: We at the Town of Hampton thank you for sharing 14 years of Michelle's working life with us; she was a beloved member of our Town Office family. The welfare of human kind was her life's work, and she touched the lives of so many in very positive ways.

“Michelle has been one of my best friends since we met working at Odyssey House in Hampton back in 1993. We shared the love of art, gardens, animals and lifelong learning. We shared many adventures getting lost on the way to a destination, wondering how we ended up in Maine when we were headed west. The COVID crisis put a damper on going out for lunch and rides about the seacoast but she was only a phone call away and we could talk for hours about everything or nothing in particular. Michelle had the biggest heart and always found the silver lining on the cloudiest day. Michelle could always figure out creative ways of solving problems by asking, "What would Delores do?" She will be missed so much. My heart goes out to you Grant and know that I am here if you need anything. My thoughts and prayers are there with you.

“Grant, condolences on your loss. I saw the obit in the St Jo, MI newspaper. I initially knee Michele from attending school outside of Flint (not an easy time for either of us). She was a good, honest, pretty straight forward person. I am sorry for your loss.

“ My heart is so heavy in hearing this news. Michelle was a spit-fire social worker and I enjoyed every interaction I had with her. She paired her dedication to her role in the welfare department with equal amounts of accountability and love. You knew what Michelle was thinking and what she never apologized for it! She made the collaboration as the school social worker easy by fiercely loving and taking care of all of the "school babies." After our "work" content was done, she always made a point to ask how my family and I were doing. She was full of love and kindness. I will truly miss my visits and phone calls with her. Prayers to Grant and Michelle's family.

“ In my work at Rockingham Community Action, I collaborated with Michelle for several years assisting Hampton residents in need. I was always impressed with her kindness, and her willingness to find creative solutions for these households we served together. I know she will be missed by many, many households that were assisted in their time of need over many years. I know that I and my colleagues will miss working with her.

“ *This is devastating news for so many, and a huge loss to the family support network in our community. In my many conversations with Michelle over my career, I always appreciated her compassion and her sass in working with the families in Hampton and was especially moved by her strength and courage during her cancer fight. I will miss her partnership for all our "kiddos" and your family will be in my prayers in the days ahead. Please give her beloved pup some extra scratches from me...*

“ *Many years ago I had just started at Rockingham Community Action and thought that I might learn much more by going out to our partners and chatting with them about where community action fit in everyone's mission. Michelle warmly welcomed me, gave me the history of how she started the Information and Referral process, explained the difficulties that she (and other Welfare Directors) face, and then specifically in Hampton. I walked out of there believing that I had a touch stone, someone who would tell me her honest thoughts, who wasn't interested in game playing.*

*The sudden loss has affected so many of us. I'm sending peace to Michelle's family, especially during this exceptionally difficult holiday time.*

“ I met the Kingsleys back in 2001. I met Grant at Seabrook Nuclear Station where I was working as a software consultant. My home is in Canada. I flew down to NH every week, with an apartment in Exeter. In October, Grant & Michelle invited me over for a Wednesday night dinner. Michelle was a great cook and made me feel very much at home. The Wednesday night dinner became a regular thing. I enjoyed sitting on the couch, petting the puppy, and talking to someone outside of work. I ended up being a regular Kingsley guest for the better part of two years. They came up to visit us, staying at Horseshoe Valley Resort just north of Barrie.

*Michelle I am truly saddened by your passing, rest in peace.*

“ Uncle Grant, I have so many wonderful memories of Aunt Michelle growing up with all the Holiday parties and her first dog Flea (I believe) that would somehow always end up under the kitchen table during dinner! Those memories will always be with me. Michelle was a kind, giving and loving person who will truly be missed. My thoughts and prayers are with you during this time

“We take comfort in knowing Michelle will live on in the hearts and memories of her family and friends, in the acts of kindness she bestowed upon each of us and inspired us to forward on to others. She was an angel here on earth who helped lift the spirits of so many of us. Her sense of wit and humor, her intelligence and determination when she put her mind to something are what we will remember most. She will be missed by the community. We will miss her friendship too. What a legacy she leaves behind for us to behold. Grant we wish you comfort and peace and a knowing that she will be with you always now and when you meet again. Michelle blessed us all. We will honor her memory by trying to be as giving as she was. Peace be with you Grant. -The Boudreau's
