“ *Thanks to all of the family and friends that have provided comments, memories, love and support for our family after the passing of Mom. Greg, Tim and I are very grateful for the outpouring of love and support...I know mom is smiling down on us all. While not the circumstance any of us wanted it to be, the last week has been a great opportunity to reconnect with some family members that we (the boys) have not seen in many years.*

“ I remember you and uncle Albert driving up in your white convertible, you tightly next to him, I was very young .. when you would visit while on leave you both brighten the family, cookouts , adults playing cards or board games all night ... but your smile and laughter brighten any room when you enter it !! When you stay with me for a bit before moving to Portsmouth although it was sad because uncle Albert had cancer, it was so nice to be with you all. I will miss our long conversation and girl talk so much. Your laughter , your beliefs, your sweet, innocence , gentle soul that was never hardened by life. Thank goodness for your boys that kept you protected! My heartbreaks for all of us here, for your light on earth is in all of us that you touch so deeply in our hearts. I can only imagine your struggle of leaving your boys and grandchildren but dancing with the love of your life the moment you saw uncle Albert. You will forever be loved , missed and live in our hearts until we meet again!
Love you
