“ I was deeply saddened to hear about the passing of my sweet cousin, Patty. Your smile could light up a room and I'll forever treasure the memories we shared growing up together. I'll always remember the Christmas Eve you and your family came to our house when we were young, and you pleaded with us to open up all our presents. You were more excited than me and Cindie and your excitement was contagious. My heart goes out to everyone who loved her. You all are in my thoughts and prayers! Rest in Peace! With love and deepest sympathy Love you!

“ Rest in Peace Patty, you will be missed. Work is not the same without you. My fondest memory is when we went to Seafood Fest Together - Watching the bands and laughing so hard. That was a night to remember. RIP my friend.

“ My dear sweet cousin—you had the best smile—gotta love those dimples. It was always a pleasure spending time with you. Your positive attitude was an inspiration. I will miss you dearly. Also, Uncle Bob would like to say he will miss you too and was very sad to hear of your passing. You will always be remembered as an enjoyable kindly member of our family whom we enjoyed many happy times with. Love you. 💕

“ Rest in the sweetest peace Patty - your work here is done. To her family and those who loved her most - I worked with Patty at her most recent employer - she and I would take daily about my upcoming wedding - it was a nice distraction for her and it was nice to see her smiling. She was always asking about my Mom or my bad knees or any other challenges she knew I had going on in my life. She was so caring and thoughtful. She was also SO funny! One year on St Patrick's Day I was wearing a shirt that had O'Tipsy across the shoulders like a sports team's jersey. She said her Irish name was Patio Furniture. It took me a solid 30 minutes to get it and then called out to her from across the office- Patty O'Furniture!!! I get it!!

Patty - you'll be happy to know our wedding went off without a hitch on a clear blue sky day without a single cloud in the sky. My knees didn't hurt at all I had so much adrenaline coursing through me! It was the perfect day. And my Mom did great as well!! We stayed at the beach for a week after our wedding and made a few trips up the coast. When we passed where you lived my breath caught in my throat. I'm so sorry your story ended so early. You were such a bright light to all of us here. I miss you and will always think of you when I'm walking along the beach, getting take out from Peking Garden or sitting on patio furniture.

Now that you're settled in if you see my sister or my father please give them big squeezes and tell them how much I miss them. You know their stories.

Until we meet again
