

Patrick Ryan Gleason

November 13, 1986 - January 24, 2014

Hampton - Patrick Ryan Gleason, 27, died unexpectedly on January 24, 2014 in Hampton.

Patrick was the only child born to Danny Gleason and Holly (Stillson) Hurd. He had resided in Amesbury, MA for five years before moving to Hampton in 1993.

Patrick attended Hampton public schools and Santa Monica College where he developed a passion for film photography. After leaving Southern California, he would periodically travel across country when he found an opportunity to conspire with experts in this vanishing specialty science. Utilizing his ability to connect with people, Patrick had recently embarked on a new vocation, salesmanship, which he enjoyed thoroughly.

During his time in Hampton, Patrick excelled in a number of sports including baseball, football, karate, basketball and most significantly, skate boarding, where he was acknowledged as one of the best in the region. Patrick was an intense yet sporting competitor. An accomplished guitarist, Patrick enjoyed composing music with his friends and older brother. He also was an accomplished cook, particularly with a charcoal grill. As one of Patrick's friends remarked, you could always find Patrick in a crowd, either from his beaming smile or his infectious laughing. His brother Carl noted that Patrick

was always there to help whenever he was needed.

He is survived by his mother Holly Hurd and her husband Kevin and his father John Rulli, all of Hampton; his doting grandparents, Carl and Irene Rulli of Auburn, MA and Frank "Butch" Stillson of Surprise, AZ; his two brothers, Carl Rulli of Salisbury, MA and Brent Rulli of Hampton, his eight uncles and aunts and a bevy of nephews, nieces and cousins. All will miss him dearly.

Patrick was predeceased by his grandmother, Catherine Dempsey and his uncle, David Stillson.

Visiting hours will be from 5 – 8 PM on Thursday, January 30, 2014 in the Remick & Gendron Funeral Home – Crematory, 811 Lafayette Rd., Hampton. A requiem service will be celebrated at 11 AM on Friday in the funeral home. Relatives and friends are respectfully invited. Burial will be private. In lieu of flowers, the family suggests donations be mailed to NAMI NH, 85 North State St., Concord, NH 03301 or made online at <http://www.naminh.org/donate>.

“ *I met Patrick in photo school. Something about him made me drawn to him. We ended up becoming close friends. We would dance in the studios, laugh uncontrollably and piss off most people around us. We didn't care, we were having fun. Those were some of my happiest memories in my life. We both liked to have fun and laugh even if we were breaking the rules. But somehow we always got away with it and made the people in charge smile and understand. I wish he stayed in LA and I wish he was still here.*

“ I lit a candle this past Sunday for Patrick and his family. We will all miss his beautiful smile and huge laugh. Patrick was a free spirit who always stood up for what he believed in. He was loyal to all his family and friends. A true beautiful angel who will live in us all. Rest in peace Patrick.

Until we meet again.

“ *Dear Carl & Family,*

My deepest condolences on your loss. I never had the opportunity to meet Patrick or spend time with him, but from what I can tell he was a young man who had a great smile was very well liked by friends, and loved a lot by his family. “ I've known Patrick since he first started skating at Rye Airfield. I always loved it when he came in because of the energy he brought. I worked at the park on & off for over 7 years, but Pat & I always stayed in touch. When he was out in Santa Monica we would call each other quite often, we would talk & talk about nothing in particular, but every time his name popped up on my caller ID, I'd have a huge smile on my face. When he first came back we spent a lot of time together. He came back from Cali with a crazy mustache that I kept begging him to shave haha he finally did one day & when I went to pick him up, he told me he saved the mustache in a ziploc for me. Classic Pat. Some of the best, weirdest, silliest memories I have are thanks to him. I had been thinking about him so much lately & had been trying to track him down because I just missed him terribly. This is such a huge loss for so many people, and I send all my love to his family. When I think of Pat I always smile & I will be thanking him for all the stories he left me with.

“ Pat, my lil brother and my best friend. I watched you grow from a toddler and into a man. You were always care free and spirited. We had alot of good laughs and made lots of jokes. Your sense of humor was uncanny and I loved it. You had so much character and you were always entertaining. I remember when we were almost crushed by a two and a half ton wall. Because I started laughing, you started laughing. No one could tell you what to do, but when you wanted to do it, you did it 100%. When you believed in something, you never backed down from it and never let anyone take it away from you. I see alot of people talking about skateboarding. I remember when I gave you my old Nash that I never used and watched you thrive on a skateboard over the years. I'll miss you calling me up and asking me to hang out. You honking your crazy horn as you were pulling into my driveway. Going for drives and listening to your goofy music. Taking the kids to the park. Throwing the football or the frisbee. I'll miss our jam sessions. The one's we recorded as our own original music. How we used to enjoy grilling steak's and meat's, not only during the summer, but during a snow storm as well. I'm so glad that we were able to watch one more football game together. (Even though the Pat's lost) You were a very caring, loyal brother. As loyal as it gets. You always jumped when I needed you for something and I for you. We had a really strong bond. Pat, I'm really going to miss you brother. There will always be an emptiness in my heart for you. I will never forget you. I'm going to tell you something you already knew. I love you lil brother.

“ My condolences to the Gleason family, I had the pleasure/ opportunity to skateboard and be good friends with Pat for years. We met skateboarding and he always made the trek down to Peabody, MA one way or another just so we could go out and film tricks and have a good time. That is Pat, a good time, he was always smiles and jokes and even though I haven't seen him in a while we had such good times together to this day I always remember and talk about how great of a guy he is. I and the old Dynamix skateboard team will always remember Pat Gleason. Love you dude

“ Patrick, you were like a little brother to me. You had such a contagious smile, and infectious laugh. You were so free spirited, and had so many passions. You left us way to young! You never cared what anyone thought, or held fears of getting into trouble, you just did what made you happy. You were such a talented man, and accomplished so much. You were so loyal to those around you, always being there when you could. I will miss hearing all of your stories about your "adventures", and your photography, where you are heading to next, and what happened along the way. I will always remember you and your brother "jamin out" playing the guitar and sax, though it was loud, it was funny...and your songs about meat :) I have so many memories, and i will hold them close. You really were "The life of the party". We will be empty without you here with us. I will always miss you, and the kids terribly miss their Uncle Pat! You will never be forgotten. I hope you may Rest In Peace

“ Holly,
I have often thought of the two of you throughout my life and have many fond memories I will hold on to forever. I can only imagine the grief you are going through. Know that at no matter the age it's never okay to lose a child. Many people will never experience a loss like you have. Tell people what a wonderful person he was, today, tomorrow and in twenty years from now! Talk about the amazing child you had and remember him for who you knew him to be! I am sending you a giant hug and lots of love, in my deepest sympathies,

“ Pat man I miss you so much. I hoped and hoped and hoped this was not true. This is the worst ever. I was so lucky to spend so much time with you before you went to Cali and I went to school. The memories I have with you are the most funny, unbelievable amazing and certainly the most intense of my life. Every time I spent with you includes something I will never forget. You are probably the most unique individual I've ever met. You never did things because society expected it or fear of punishment. You did everything for fun and because it was what you believed in. you always really put some life into the droll of everyday life. I can't even imagine how many random people tell stories of the pranks or stunts you pulled. I still say "ghoul" all the time because I heard you say it. I still picture you saying "ca mon" and "ewww" and of course your unforgettable laugh and smile that everyone knows. You were definitely a genius that was far above and beyond this world of money and control. I can't believe how lucky I am to have known you. I still have one of the knobs that we spent two hours removing from navy Yard he first time it was capped with a shovel and a rake we found nearby. If anyone has phase 2 please let me know and I will come and transfer his part to DVD so everyone can watch it again. It is the best and I will always think of you when I hear Karma Police. You were an incredible skateboarder but As a person you were even more and I respect everything you've ever done. I am so sorry.

“ *You came to visit in California, fell in love with the weather, red curbs, and skating. You never left until you had to. I will never forget our 2 am skate trips. Or we spent all night skating then went to Mexico, got robbed, and then hiked back into the US without IDs. We had so many good times.*

I will never forget our trips or you making me laugh hysterically and all of the filming that we did. It's hard to do a crooked grind without thinking of you.

“ There is simply no one I know that could match Pat's joyfulness. He always had this very genuine way of making people feel at ease around him, which made his presence at family get-togethers so welcome. I have a lot of fond memories with Pat growing up together in Amesbury, but my favorite was a few Christmases at Grandma & Grandpa Rulli's. Our grandparents gave him this faded denim jacket that I even I was a little jealous of. But this absolutely floored Pat. In his eyes, he could not have received a better gift. It was all Pat talked about the rest of the day and he still could not express how much he loved it. It was small details like this that Pat always brought life too, which is one of the many things that I'm going to miss about him. I love you buddy and I hope that you're at peace.

“ I can only say this....I was bored and thought about going skateboarding but that isn't quite possible in the middle of winter in Hampton, but I said whatever and went to the skatepark anyway to see if I could shovel the half pipe and get a little skating in and low and behold when I get there pat is already there shoveling it. We spent hours getting the snow off even riding back to his house to ditch the shovels and grab something a little more powerful. Ill never forget that day and ill never forget how amazing of a friend you were to so many people..May you rest in peace and skate that half pipe in the sky

“ My deepest condolences go out to his family and friends. Pat was one of the first kids I skated with after I moved to Hampton. I will remember the countless sessions we had at the park. “ Oh Patrick, how did I let you slip away from us? You were our ray of light during the first few years of your life. You taught Uncle Brian and I how to love a child, because of you, we could not wait to start a family of our own. Once that happened, I sooooo apologize for you being lost in the shuffle. You were filled with so much charisma, I prayed for each of my children to be born with your beautiful blue eyes. We will always have a hole in our hearts for you...a spot that should have been filled with you in it over the past years. I hope you have found the comfort and peace that you deserve. We will make sure that your spirit remains in our hearts and thoughts forever, RIP our sweet little Buddy.

Holly, God Bless you! Please find comfort that Patrick is at peace, and will always love you for the effort, love, and soul that you put into him throughout his short life. You will always have our respect for being the best Mother you could be with the cards that you were dealt. I regret not knowing Pat in his adult years, something I will live with forever, but what I did know about him is that he loved his Mom, and would also want you to find your peace from within. You are in my prayers Holly, much love and respect from,

I still smile when I think of Patrick. I got a chance to work with him at the Marston School. I remember him running around the play ground, as I kept a close eye on that mischievous little one. He would grin and laugh and flash those blue eyes challenging me to come get him. He always had an easy smile and you couldn't help but like him. Years later, when I saw him again he gave me a huge hug, and flashed that smile I loved so much.....still that sweet young boy.
