“ *I had the pleasure of working with Rick in Seabrook for several years. He was a great man. Rick didn't pull any punches and he told it to you like it was. That made me gain a lot of respect for the man. My favorite line that I will carry with me for the rest of my time that he would say was "let me show you my worried look". And Rick s facial expression would never change. You will be missed Rick. John Fowler Seabrook, NH*

“ Susan and Doug,
I read of your father's death this morning and wanted to send along my sympathy to both of you. I fondly remember having you as students at Barnard School all those years ago. Your Dad was always interested in hearing about your progress. I have thought of you many times since and hope that, despite this very sad time, life is good.
