*What a dear person Bob was. I called him MHD, My Hearts Dad and Carol was Mom C. They were my "hearts parents" as they never had children, we "adopted" each other. Bob had his fun quirks—goodness help you if you called during an Ohio State game or change his "comfortable schedule" in any way but his heart was massive. He was an extremely generous man who loved his family and friends immensely. His last words to me "Thank you kid, I am going home" and looked at the picture by of he and Carol on his hospital bedside table. I held his hand while he passed, an honor and a memory I will hold onto for the rest of my life. Love you MHD, give Mom C a big hug for me.*

*Dr Lebold was a great man who contributed so much to the Town of Seabrook deliberating our zoning ordinances. Always a professional with great common sense.*
