“ I was a colleague and a good friend of Bob. He was a remarkable individual, combining intelligence, wit, wisdom and compassion. We used to sit together at the Wednesday anesthesia lectures and I always looked forward to Robert's friendship. I really miss him and was lucky to have Robert among my good and lasting friends.

“ Bob was a man of deep commitment, brutal but constructive honesty and unwavering principle. He stood in stark contrast to many and was an icon to so many of us at the Brigham. He was a beacon and guiding light for me and many of my colleagues. His passing leaves a significant hole in the arsenal we rely upon to combat mediocrity and self-interest. His powerful intellect and ridiculous humility were gargantuan. We will never forget him and are grateful for his long life and often-sought counsel. I will miss his sense of humor, his gruff but well meaning focus and his poorly disguised compassion for all of us and for his patients. He was truly an adored man. May he Rest In Peace. Wendy Gross

“ I worked at Athens Anesthesia for several years and had the privilege of working with Kathy Pilon. Although I did not work with Dr. Pilon at the hospital I did get to know him through his wife. I remember how much she cared for him and even made his lunches so he would have healthy options. Kathy, I know how much you loved Dr. Pilon. My thoughts and prayers are with you and all the family.

“ Dr. Pilon and Mrs. Pilon were terrific to know and work with in Athens, Ga. I worked ICU then later worked with Dr. Pilon in the Pain Clinic and I can say he was the best Dr. to work with, he cared not only for the patient but he cared for his staff and their families as well. He was the best Pathologist and taught me so much and he was so kind to send staff to training that ensured that we had the best training.

He and Mrs. Pilon rewarded the staff with wonderful parties at their home! Thanks Dr. Pilon for the greatest learning experience working with you and early on in the lab again learning so much typing path reports gave me more knowledge as I progressed up that ladder to become an RN.

Mrs. Pilon it was obvious that you both shared a love made in Heaven. I will definitely remember you in prayer in the days ahead.
Dr. Pilon May you rest now.
