“ So many good memories with you dad, when you lived here with us, the races in the pool, party's put at the fire pit. Watching you in the garage with Dougie. It truly warmed my heart to see you and him do so much together and be do close, when Dougie passed everyone though you were his dad because they all only saw you and him doing stuff all the time. My kids grew up so close to you, once there dad passed you stepped up and helped with them alot. Travis came to you all the time when he needed fatherly advice, you guided him and taught him so much in the time you were here. I'll never forget the look on your face when me and kezzy entered the horseshoe contest one old home days you were so mad but we showed you, we kicked but got Second place and you shook our hands and even said sorry that we played dam good, well yea I learned from you my whole childhood. I think you were worried we would beat you, but we never played you, guess you got lucky that year 🤔 thank you dad for everything you have done for me and my kids over the years. For being the man they needed to learn respect from. And for becoming such a better man. I Am so proud to call you my daddy, I still play your last messages to me on my phone saying I love you daddy's little girl...I will ways cherish them messages. As well as the videos you made me when you got sick. Me and the kids wl ways have them and always watch them. We will make sure all your great grand babies know who you are always. I love you my daddy
