“ *I have so many very fond memories of my Aunt Berta. She took care of me many times while growing up. We always had so much fun together with so many funny stories. Her creativity and artistic abilities were second to none. She was always very handy and could fix anything. We did crafts together and had so much fun during many sleepovers. She would do anything for you and always made you feel comfortable and loved. She was a wonderful person and will be greatly missed. We all have the resurrection hope and will see her again (John 5:28) in a time with no more sickness and death (Rev 21:3,4). Our sincere condolences to my family during this difficult time. Love you all. - David Weinstein*

I will miss this smile and the way mom's eyes would light up when we'd suggest going for clams. So blessed for the time we had together and the love we shared as family.
