“ *What I remember most when i first met ryan through alexis was that he was a gentleman and he had good manners.when we went out to eat he was always the one to say give me the check,ill get it.I didn't let that happen each time but it's funny now how you can imagine how he would treat family and friends and i'm sure his military brothers and sisters could count on him.He will be sorely missed by his family,friends ,alexis,the military and all who were lucky enough to cross paths with him.My heart and prayers go out to his family and close friends for their loss of a man who unselfishly served his country.*

“ Ryan spent many a time in my home during his high school years. I will forever remember his beautiful smile that could light up a room. I will cherish forever the kindness that he displayed to me and the sensitivity that he showed to his friends and family. I am so very saddened by his passing. Our country was blessed to have him in the ranks of those protecting and serving it. My deepest condolences to his family. May the many happy memories that you made together, bring you some comfort in this most difficult of times. You are in my thoughts and prayers.

“ Ryan and I were very close in high school. I have so many great memories of him that will last a lifetime. His smile and laughter were always present and he knew how to make everyone around him feel happy and secure. Ryan had a rare gift of making everyone around him a better person through his own well being and personality. Ryan will be missed greatly and it will be hard to find anyone as caring, loving, and supporting as he was throughout his life

“ *I remember having a conversation with him the first time I met him about joining the Army and how excited he was. I was so impressed with his attitude and enthusiasm about serving our country and I wished more young men thought like he did. It is people like Ryan who make this country great. My heart breaks for his family and even though I only met him one time he left a lasting impact on me and I think that is a testament to what kind of man he was.*
