“ *We just learned of Aunt Sally's passing and send our condolences to the whole family. Aunt Sally was an amazing and beautiful lady! I have many great memories throughout the years from visiting Uncle Roger and Aunt Sally at their home in Amesbury to Aunt Sally coming to my rescue when my car broke down on my way to college. I still have the Raggedy Ann doll that she made me when I was little. I wish I could locate the photo I remember of Kelly and I holding our Raggedy Ann dolls. Unfortunately, I had not seen Aunt Sally in the last few years but will cherish all the memories from over the years. We were able to view the video of the beautiful service online. Kelly, you did an amazing job with your tribute to your grandmother. We are thinking of you all and sending you our thoughts and prayers.*

“ *Aunt Sally was such an amazing gift to me growing up, and that continued into adulthood! Her beautiful and amazing soul will always be with me. I simply don't have the words to express my sorrow to her children, grands and great grands, know my heart is so very heavy for you. You all hit the jackpot, with both your folks. I found this picture of Aunt Sally and Grampie I wanted to share along with this beautiful antique piece gifted to me by Aunt Sally. I treasured it from the moment I received it, and doubly so now. Thoughts and prayers with you all*

“ *We first met Sally in Wilmot, NH at a large family barbecue. Our first impressions of her was her jolly smile, warm heart, and caring nature for everyone. Spending every Mother's Day since 2008 with Sally at Chauncey Creek is one of our fondest memories where we shared lobster and her famous Rhubarb pie. We loved her passion for the arts, gardening, family, and pets and we'll miss her everyday.*

My mother, Sally was the heart and soul of our family. My father, Roger was a good and decent man but Mom was the glue that binds us together. She has made me what I am today (only the good parts) . I can never say I can't because she taught me I can. Our family can never be the same because she is not here. The great memories with her will outlast the pain of her loss a thousand fold!*

*Seems everyone has a memory of my Mom around food and cakes! We made many wedding cakes and Christmas breads together. I have never enjoyed working with anyone more than Sally in the kitchen. The meals we had as kids were always magical to me. I was always amazed that she could put together a dessert that she called a " story princess " out of seemingly nothing, that was simply wonderful. It wasn't until I became a Resort Chef that I realized the natural skill she had. She was more than a cook-mother-nurse-dressmaker-psychologist etc. She was the best friend I ever had. I will miss her deeply!*

“ Aunt Sally - Hope you are listening. [ ] Remember when i came over a few years back, not too many and I probably didn't give you all much notice: maybe i was on my way north. We shared a meal. Upstairs on the lovely wooden table. And you went on and on that if you knew i was coming you would have prepared a better meal, but because of that you just threw together a salad. That beautiful delicious salad! It stays with me. It had pears, walnuts, another nut too, mixed greens, maybe even nasturtiums, sweet onion, possibly cherries and dried cranberries. Honestly, what could be better?  
love you,

“ *Taking care of Sally over the last 8 months has been an honor. She has opened my eyes to a lot of things. Spending time talking about Salem Willows and talking about the Lord in my Bible Study class has been amazing. I will miss her deeply.*

*Marie,  
Sally often talked about you and the Bible Study. You were there at the right time to do what no one else really could - prepare her for the eternal where there is no shopping, cooking and lobster. She truly loved life in all its richness and beauty. May she rest in eternal peace.  
Blessing, Sharon*

“ *Sally was the best of us. I will really miss her. We met through her granddaughter, my friend, Sara, and she treated me like one of the family. I will never forget how she cared about me when I was sick. I had a strict diet I had to follow so he taught me how to cook things that I could eat and was so funny and patient about it at the time. There seemed to be nothing she could not make. I was in awe of her green thumb and I have to say I will really miss all of her wildflowers. I hope we all have the spunk and spirit Sally had when we are 91. Much love.*

“ *My favorite memory of Aunt Sally, she made my wedding cake, grew the roses that decorated it, then she and Roger drove it to the Wayside Inn, holding their breath the entire trip. Now that's love* ❤️

“ *Sally was such a gracious lady - always wearing a smile! Her creativity and artistry was evident in all she did whether it was her food, her flowers, her art. Family was such joy to her and she kept good track of you all. Our lasting memory will be of her at the Christmas Eve service in 2019 when she came to hear Kelly and the bell choir. She was regal in her white coat with her hair freshly done. We are blessed to have known her. We celebrate her life!*

*Sally's smile was contagious! She loved her family above all and showed it in so many ways! Whether cooking, sewing, gardening, baking or just having a listening ear; she was always available to help! Everyone was invited to her table; whenever we would stop by on our way home she would pull up a few more chairs and welcome us for dinner! She lived a good life and all those that were touched by her in some way will cherish her memory!*
