“ *Scott was an amazingly strong guy. With all of the challenges he faced in life he was one of the happiest guys I have ever known. Something as simple as a drum or a bouncing ball could make him have a smile that would brighten up a room! He is very missed!*

“ *I took care of Scott when he lived at Hogan. I remember him well. "Go for a ride" would excite him immensely. Rest in peace dear Scott. Linda*

“ *I had the pleasure of working with Scott for around 10 years at Shore. Scotty was well loved. Some of the best times were when I would bounce a ball so hard it would bounce off the ceiling and he would go into hysterics just laughing so hard! Scott brought a lot of joy and happiness to me and I am Thankful that I was part of his life! Melissa Bohanon*

hi melissa, thanks for sharing your story. scott was a funny man indeed. I have some very fond memories of him. he loved music and listening to staff talk amongst each other. he lived in a house with 5 other residents. so whenever he felt he wasn't getting attention.. hed vocalize. so id say scotty or scooterpie, "go to gym, beach, car". at times hed respond but I always knew he was listening because he just had that look. he had music therapy and loved the chimes and drums. his health started declining over the years, but he kept on fighting. from one staff to another... scott and many of those who we come to know always give back something in return. patty caissie

“hello. my name is patty caissie. I have worked at middleton six as a house manager since 2005. I have been scott case manager since that time. I have had the pleasure of taking care of him when he was at his finest. he continued to give his all even when he was ill. he was a kind and gentle man who always gave hugs to staff when asked. numerous staff have come and gone over the yrs, but we always knew he was a fighter. I will miss him every day when I come to work. I know he is out of pain and finally at peace. REST IN PEACE my sweet friend. love, patty caissie
