“ *When last we spoke I hugged you and kissed
your head told you I loved you and to take
care of yourself and said goodbye. Didn't
know it was forever. My last memory of you
was you riding by me on your bike with a big
smile and a wave. Couldn't ask for a better last memory but doesn't
feel like enough. Hard to lose a friend that you know would always
be there. And now your not. But at least you left all your worries,
problems and pain behind. RIP ❤️*
