“ Sharon and I have shared a six decades long friendship from nursing school and later traveling to N.Y.C. together as well as enjoying countless day trips to Ogunquit, Rockport, Kittery, and Tilton. We went to movies, on shopping sprees, and out to eat as well.

Sharon was always a sweet, caring, and intelligent individual who most importantly was a superior selfless single parent who prioritized the welfare of her children from their youth to their married years over any personal issues.

I will always remember our happy times together with a smile on my face and warmth with my heart. Rest In Peace my dear friend.

Sharon was a dear friend of mine from the start of nursing school in 1962. She had a dry sense of humor and always kept her classmates laughing. Sharon put her nursing career on hold for several years when she switched to mother's hours at a bank. She was 100% devoted to the upbringing of her children as she was a single independent parent. Sharon was very creative with her detailed scrapbooking that was admired by all. She was especially fond of photographing flowers and pets and made beautiful dvd's of classmate get togethers at my home Sharon will be greatly missed.

Until we meet again,
