To Shelly's entire family, How sorry and so sad to hear of Shelly's passing. My deep thoughts and prayers to you all as you grieve this loss. Looking at her picture, she looks the same as when we were kids. Shelly and I have known each other since we were little, growing up in Greenland together. I remember her laugh and the wonderful fun we always had together. I pray you feel the warmth and love and memories of each other and know God feels your pain and help you through this difficult time. Blessings and peace to you all. Lisa (Pace) Ramsay

“ My deep condolences to family and friends of this friendly happy sweetheart of a person. I grew up in Greenland with her and her family she was a few years behind me in school but we reconnected about 3 years ago when I purchased my dog named Madeline from her a wonderful sweetheart of a Chihuahua, I take her everywhere with me in my service truck to do jobs and on my motorcycle for fun Shelli would always keep track of our adventures and always have wonderful comments on our Facebook page and thanked me all the time for taking good care of her of Madeline. I hope she continues to be our angel in heaven watching out for our Adventures! May she rest in peace with the heavenly father!

I wanted to say that your post about Shelli was so sweet and I also will miss her terribly I gave her the chihuahua she was my best friend and we were in an argument when she passed you have no idea how horrible I feel without letting her know how much I loved her and I can never tell her that I am sorry we always forgave eachother we argued like sisters. I held on to the arguement a day to long. I miss her horribly. I am like the kids auntie in fact Cole lived with me and I just cant imagine how hurt that little man is and Amanda has turned into a women rite before my eyes I will forever hold an extraordinary huge amount of pain in my heart for all this I lost 2 of the very best friends I ever had that day because the man she was with was also kne of the closest friends I have ever had Shelli and I shared so many fun memories I smile with those at at least have them to think about I love you Shelli and I am so sorry I didnt let go of all the things that I should have done I know now life is way to short to hold on to angry and bitter when love between 2 people is stronger than anything else I miss you so much I will forever feel this empty void with you gone from my life in this world until we meet again and we will soon someday you will be missed until then love always and forever
