“ *Our aunt Sherri was beautiful, but not like those girls in the magazines, She was beautiful for the way she thought, She was beautiful, for that sparkle in her eye when she talked about something she loved. She was beautiful for her ability to make other people smile even if she was sad , No she wasn't beautiful for something so temporary as her looks, she was beautiful deep down to her soul. She changed the way our family looked at like, she was an inspiration and a legacy. I will forever be deeply proud of her and sad for losing such a great person, but everyday we will live for her and remember her for all her passion and love she had for those of us around her .*

*You're our angle and our guidance to happiness . WE love you more and more every passing day. Fly high Peace and Harmony*

*Love always Brandi, Shane and You're little Monkey*

“ I am shocked and very saddened to hear of Sherri's transition. We had lots of good times in L.A. and I saw her in NH and she came down to Upton when I was in MA. She was so sweet when my dad died a year and half ago, and she wanted to drive to Upton for the funeral in a major snow storm even with her health issues at the time. There were lots of other kind and thoughtful things she has done over the years that I can remember. I will always remember her sense of humor and thoughtfulness. My heartfelt condolences and love to the whole family.
