

Stacia E. O'Neil

March 30, 2025

Hampton - Stacia Ellen (Belyea) O'Neil, 62, of Hampton, NH passed away suddenly on Sunday, March 30th, 2025.

She was born in Portsmouth, NH at the Portsmouth Naval Shipyard to Delbert and Judith Belyea. She was a beloved mother, daughter, sister and friend. She was a devoted and loving mother to her two daughters, Kelsi Kautz and her husband Michael; and Kirsten Sivetts and her husband Ryan. She loved her four grandchildren dearly. She is survived by her mother, Judith Belyea, and her three sisters; Sara Leavitt and her husband Allan, Sheryl Long and her husband Allan, and Sandra Dubois and her husband Robert. She loved her many nieces, nephews and extended family members dearly.

Stacia loved her family and friends dearly, and was loved by many. She will be deeply and dearly missed.

Stacia attended Somersworth High School and went to the University of New Hampshire 1980-1984. She received a job right out of college installing computer systems at resorts and places all over the country. She had a decorated career with IBM as a software engineer and worked there for over 25 years.

She was accomplished, driven, successful, talented, and an inspiration to

many. She touched many lives and brought so much joy to family, friends, and everyone she met. Her passion to help her family, friends, and anyone she came in contact with, was admirable.

Stacia had many hobbies and enjoyed them everyday with such passion. She loved to travel, especially with her children. Some of their favorite memories were in New Zealand, Ireland, London, Florida and Colorado. They traveled all over the US for soccer tournaments and Staci took tremendous joy in watching her daughters play sports. She was their biggest supporter and advocate.

She was a talented piano player, and recently started learning the harp. She enjoyed working out, biking along the beach, hiking in the mountains, playing pickleball, skiing, paddleboarding and swimming. She loved gardening, and teaching her daughters and grandchildren how to garden.

She loved learning everything about health. She was a lifelong learner, sharing her knowledge with others desiring to make a positive change in a person's life. And she did. She always thought of others before herself.

Due to the sudden nature of her passing, we will be doing a private viewing with family. We will be holding a celebration of life in May, which will be open to the public. More details with a date, time and location will be listed on this site by the end of next week. Please check back for more information.

We ask that you please respect the privacy of the family, and that you pray for her children, family and loved ones during this difficult time.

Please add online condolences and share a memory or photo.

A celebration of life will be held from 12-4 pm on Saturday, May 10, 2025 at

the Granite State Room Memorial Union Building at the University of New Hampshire, 83 Main Street, Durham, NH 03824. Please RSVP by April 30th to celebrationoflifestacia@gmail.com.

Where do I park:

The event will be hosted in the Granite State Room (second floor to the left of the food court) at the Memorial Union Building on the University of New Hampshire campus.

To reach the Granite State Room from the backside of the Memorial Union Building (MUB), you'll enter the MUB through the glass doors on the left with the wheelchair ramp, take the stairs on the left up one level, walk straight towards the Food Court, and then take your first left.

There is metered parking on main street and on side streets, the closest parking lot is on the back entrance of the MUB in parking Lot C. Parking is free in this lot on the weekends.

Directions to Parking Lot C:

From Route 4: West exit at Route 155A and turn left toward Durham. * *Follow 155A through a short stretch of fields to the UNH campus. After the traffic light, go past the main campus and in the middle of town, take a right onto Mill Road.

Parking C Lot is on the right in less than a block across from the entrance to the shopping plaza. The MUB is the large building at the rear of the lot. Enter and go up to the Food Court Level. To reach additional parking in B Lot, go past C Lot and take the next right. Entrance to B Lot is a short way down College Road on your left.

From Interstate 95: Take I-95 to Exit 4 (NH Lakes and Mountains, Spaulding Turnpike). Continue North to Exit 6W and follow Route 4 West. Exit at Route 155A and turn east toward Durham. Follow 155A through a short stretch of

fields to the UNH campus.

There is additional parking available on main street in Durham, a short walk to the MUB or in Parking Lot B.

A Note from Stacia's Daughters:

Thank you for your love, prayers and support during this very difficult time. We are truly grateful for all of you, and hope you can join us as we honor our mom. If you have any additional questions regarding the event please send an email to celebrationoflifestacia@gmail.com

With Love,
Kelsi and Kirsten

“ I am so sorry to learn of Stacia's passing. I have known her for several years as a wonderful healer and therapist. She had a wonderfully big heart and was so devoted to her family and clients. Sending blessings to all of Stacia's family in this time of letting go. I hope you have all the love and support you need at this time.

“ Stacia was the most amazing biomagnetism therapist!! She was my practitioner, friend, and mentor. Her beautiful spirit, kind heart, and unmatched presence is already so greatly missed. Sending love and light to her daughters, grandchildren, family and friends. She loved her grand babies and daughters so very much!

“ Staci was such a fun friend to me, and I have fond memories of weaving pot holders and playing all sorts of creative games with her and sister, Sara, in the 60's in Weymouth on Mt. Vernon Road West at her grandparents house. After 50 years we reconnected and I feel so fortunate I got to know her again as a beautiful, accomplished, mature woman who above all loved her children and grandchildren so much. Blessings to all...Staci will always be in our hearts. Amy Gabriel

Another cousin traveling to her service from South Carolina. I am the oldest of the Bergfors cousins. I remember Staci's warmth and humor. She was one of my grandmother's favorites. It's been over twenty years since I last saw her but I remember all my young cousins with great fondness and love.

“ *I recently started working with Stacia. She was helping me heal. After talking to her on the phone and having our first session, I felt like I've known her for over 30 years. She was completely delightful, as we were totally on my same page we had so much in common . Stacia was welcomed breath of fresh air, a true earth angel. I'm blown away by her sudden ascension , but I'm so grateful for the very brief time that I got to know her. I feel such a huge profound loss, and I am I completely devastated. She was truly a special genuine soul. You could tell the minute you spoke to her*

May God hold her family in love and light.

“ There are truly no words profound enough to express what Stacia has meant to me. Over the past year, she has supported me in ways that are difficult to articulate. Because of her, I have regained a sense of peace — a quality of life I once believed was beyond my reach. Her presence, her compassion, and her unwavering dedication have left an indelible mark on my heart.

I looked forward to every visit, eager to share how much better life was becoming, how each day felt a little more hopeful. Stacia provided more than care — she gave me hope. She offered a reason to believe that healing was possible, and that brighter days lay ahead.

I am profoundly grateful to have been introduced to her. I will never forget the light she brought into my life when I needed it most. I will carry her in my heart, always.

“ I am so deeply saddened to hear of Staci’s passing. I have known Staci since freshman year at UNH. She was a true friend and a bright light in so many lives. I have so many great memories with Staci - living in the same dorm at UNH, sharing many activities, classes and projects together in the same major, being housemates in Portsmouth after graduation, colleagues at our first “real” job, going on business trips to install software in hotels around the country, dancing and musical chairs at the Speakeasy and so many other fun times. We shared some of the best years of our young lives and then stayed in touch over the years as best we could while raising our families in distant states. Staci always kept a positive outlook despite the ups and downs of life, and her kindness and warmth touched everyone she met. Rest easy old friend - you’ll never be forgotten.

“ It is with a tender heart that I say good-bye to Stacia. Being that we met only a few years ago, I envisioned us having many years of growing our friendship into something lasting and special. I can tell from reading the other beautiful messages here that Stacia touched many lives in a deep and memorable way.

I'm grateful I had the time that I did with Stacia. She was an incredible healer who provided her innovative techniques with myself and members of my family. Her ability to provide such pioneering therapies while making them so approachable and insightful was truly inspiring.

Stacia expressed her great love for music and the healing benefits. I imagine she may be smiling and playing her harp for us...an absolute angel has returned back to Heaven.

My deepest condolences to her family. May you find peace in knowing she will live on in our wonderful, fond memories of her.

Thank you for gracing us with your presence, Stacia.

“ It is hard to say goodbye to an old and dear friend. I was very fortunate to have been Staci's college roommate for three years. She was an incredibly kind and caring person. She was always there for the people in her life. We kept in touch over the years and tried to get together when we were able. I will miss her and kept her memories in my heart.

“ *Stacia was the most generous practitioner with her time! She researched for hours outside of the paid session, continued to take classes in her field, she took the time and called her clients to check in after their sessions . She was a genius at researching Lyme and all diseases for her clients. Her expertise was rare and will be missed !*

It's so hard to believe and understand what has happened to our neighbor, and it is really hard to believe she won't be here this spring and summer to tend to her garden and yard; and be with her daughters, their families and her grandchildren; her clients, house guests, friends and neighbors. In our hearts and minds, she will always be here, our neighbor and our friend; we will miss her on Sunday evenings when it's getting dark, mowing her lawn. We will miss her at our random summer evenings on our deck for happy hours. We will miss her Have-A-Heart traps trying to dissuade the raccoons from eating her garden. And we will certainly miss her insights into wellness therapies. We wish only the best for all those who know and love her, and will miss her as we do and will. In our hearts and minds, she will always be our neighbor and our friend!

Staci, I hope you can see and hear these adoring tributes. My heart is heavy, and I am gripped with sadness over your passing. It is impossible to believe that your light and energy are not here anymore. My deepest sympathies go out to your girls at the loss of their incredible mother at such a young age. I know you will live on in their lives as they raise their children. When we met in our mid-twenties through UNH friends, we quickly connected through our analytical and inquisitive natures. I have fond memories of hanging out with you, being the third wheel, and I loved having you as part of my wedding. Over the years, we always caught up comparing notes on health, nutrition, decorating, our kids and their sports, kitchen cabinets and appliances! A favorite memory of mine is how excited you were when "email" came out. You were like a little kid, in awe of how we could write to each other and in real time the other person could read it and respond. I will remember you in so many ways - as a friend, a devoted mother, an excited grandmother, an enthusiastic learner, a giving aunt, sister, and daughter, and a gardener for health! You were genuine. I admired that you passionately challenged the norm or something you stood by, and that you were just as quick to laugh and have fun. My heart is broken for you and your family.

We had the privilege and honor to know Staci, meeting her first as our daughter Alexandra attended UNH and welcomed her, and then when her daughter Kirsten, moved to Colorado. Our hearts go out to her loved ones, especially her daughters Kirsten and Kelsi and their families. Her loving light shines on in them. May they know peace, comfort, and assurance of her safety in the Lord's loving care.
