“ *Jewell and family, My deepest condolences to you on the loss of Stan. He was such a nice person and so kind to all. When I was younger it seems I was always at your house doing something with Julia. After so many years, it was nice that he still remembered me and took time to talk with me. He can now rest in peace and be with Julia.*

“*Jewell, Arthur, Blake, Carleton, Jenny, and all of Stan's family, Hampton has lost its leading gentleman. Stan was a mento to many young men, a man integrity, honesty, compassion, honor, and all that is best in our world. His love and devotion to his family serves as an example of how we are supposed to be. His service to his community and our nation show us how to live more meaningful lives. A profoundly honest businessman, a dedicated town servant and resident, a tireless worker, and a generous soul, Stan showed us how to be better people. The greatest tribute we can pay this man is to try to live as well, to do good, to be as grateful and humble a person as Stan showed us how to be. Rest well my friend.*

“*I remember Stan from the 1950s and 1960s when he worked for Scott Pontiac. He was unfailingly a kind and gentle man with a wonderful sense of humor; the twinkle of gentle understanding was always there. Rest in peace, Stan.*

“ Jewell, Arthur & Corrine and extended Family:

Heaven has gained a gentle man, a patriot, businessman, entrepreneur and friend to many. I always looked forward to our meetings and greetings at DD's! He was interested always in my life, my family and life in general. What a fellow to earn a degree at 79! I am sure he will be missed by many, but I know wonderful memories will bring smiles as your sadness passes. Stan is now with his beloved Julia of whom he was so proud. May he Rest in Peace.

“ We met Stan when we moved to Hampton and needed a mechanic for a 1953 MGTD. He did a marvelous job and our friendship took off from there. Always enjoyed meeting him at the many local coffee shops. Stan was a gentlemen, smart businessman and an encyclopedia of information on the town, cars, people and events. He made a difference in the world and will surely be missed.

“ I was a banker in Hampton back in the '60's. Stan was a valued customer who also sold me my first two motorcycles. He spent hours with me down by the railroad tracks making sure this awkward cyclist could manage the 90cc scooter and then the big-time 350cc motorcycle. He did and I did...
Very special person in my life!
Condolences to his family,

“ We are so saddened by the news of Stan's passing. I bought my first bicycle from him on time when I worked at Tobey's Drug Store. Stan was a wonderful, compassionate man. He personified community, patriotism and family commitment. Hampton was a better place with Stan. Know, you Jewel, and your family are in our thoughts and prayers.

“ In the early 1960's as a student at UNH I bought two successive Honda motorcycles from Stan's Depot Honda and established a treasured connection with Stan and his son and daughter. Over those early formative years I enjoyed many hours riding throughout New England, often with my girlfriend, but always knowing that ANY problem or question about my Hondas would be thoroughly addressed by Stan. Years passed and my decades-long academic journey to my BS degree was culminated at graduation by a valedictory speech by my fellow classmate, Stan Brown! What a delight to have heard sage thoughts on journeying through academia from my former Honda dealer. I was privileged to always enjoy conversations with Stan. He presented an irrepressible smile always. My prayers for all his family and condolences to them in the passing of this unforgettable man.

“ I sit and write this thinking it just can't be. Stan was such a pillar of Hampton my whole life from buying my 1st Radio Flyer red wagon at Western Auto to serving him daily at Colt's snack bar where his wife Jewell my husband and I became friends to being the go to place when my boys began to ride their dirt bikes and once again as I worked at Friendlys to see their happy faces every morning, at least Jewell's if Stan was busy working. One of the smartest, kindest souls I've ever met in my life.

Rest in Peace Stan give Julia a hug from me ❤️
