“ Susan, I have only known you for a few years, buy I felt that I knew you many more. I enjoyed going to Biloxi with you and Diane, we had a great time. Also, the time in Biloxi, that I did not have a room for 1 night because I made the departure date 1 day earlier. You left your room to stay with Diane and gave me your room. How about the chocolate pie you baked for me, after I stated I loved chocolate pies. Boy was it good. Susan, I consider you a friend and you will be missed.

“ Sue, my heart is 💔.

We have been more than best friends, you were like family, for almost 50 years, L and have made some pretty funny and awesome memories from camping, to going to Canobie Lake and riding on the kiddie roller coaster with our hands in the air, we were so excited to have ridden on a roller coaster, to making breads, Cinnamon swirl was the best, to making Kahlua, and waiting, not to patiently, for it to be ready for drinking, to shopping for bargains, you were the best at finding bargains, to our black friday shopping outing, to walking up the beach and people watching.

And so many more memories, to when we cried on each other's shoulder when we each lost our son. Now what, what am I suppose to do without you?! 🧑🏻🧑🏻

“ *My thoughts and prayers are with Sue's family at this time. I met Sue through the Deyo Family, and while I didn't know her well I knew she was a kind, happy go lucky type of person. I know that she was considered more*

then just a friend to the Deyo's, she was a family member to them, and my granddaughter Katelyn loved her very much. The second I heard about Sue's passing Diane was the first thing I thought of.... What is Diane going to do? My heart is truly breaking for you all right now, but remember this is only a see you later, and time is go by so fast that in no time at all we will all be together again. God Bless You Sue for the wonderful woman that you are, and the special way you touched so many lives.

“ Sue and I worked together at LM for over 35 years. We became good friends, and I thought the world of her and her boys. Likewise, we acquired a wonderful ‘LM family’ of friends whom we frequently stay in touch with to this day. Sue was a truly kind & caring person; she saw the best in people, and would literally do anything for anybody, at any time. She loved her family & friends, finding those shopping deals (for herself or others) and travelling. Sue & I caught up regularly; visits, lengthy phone calls, and most importantly going out to lunch. I miss Sue terribly. I can’t believe she passed so quickly, but recognize she’s at peace and not suffering, which is most important. My thoughts & prayers go out to her family & friends for their unexpected loss.

“ Sue, we are all going to miss you. You have been a huge part of our family for the past 45 years. You were more like an older sister. I still remember the day you took me to the Mall of NH and let me buy a butterfly knife without my parents permission when I was 13. Thank you for all the love and kindness over the years. Many fond memories. You will be missed.

“ I'm still in shock that Sue has passed. She was my my neighbor as a child and I spent so much time with her growing up. I was at her house all the time and I babysat Anthony and Alex and went camping with them. No matter how long it had been since we saw each other it was like no time had passed. She was there for me through hard times as a kid and we have always kept in touch and she was always good to me and my kids. I am heartbroken that she is gone.

Such sad news to hear. Sue was one of the most kind, compassionate ,caring person that I know. Remembering all of the fun times we had in HS & after & when I came to visit you in Michigan, my first plane ride & first time I was away from parents for so long, I was so homesick, but you made me so comfortable. Happy that we were able to reconnect a few years ago. Your will forever be missed & always in my heart. Rest in Peace my dear friend .

Sue, my heart is so heavy. Knowing I can't reach out to you and catch up on life ever again is a hard thing to accept. I can't even express in words how sad I feel. You will always hold a place in my heart. To know you was to love you. I will never forget your kindness. You leave a lasting impression on the people's lives you touched. Mine for sure. And I will cherish the friendship we had forever. May you rest in the most peaceful and heavenly peace.
