“ *I am so grateful that you, Kimberly, and I were able to have that wonderful visit a couple of weeks ago. You were having a pretty good day, and we spent the time reminiscing about the day we told you that you were going to be a grandmother at 35 years old, and how I was afraid to give Kimberly her baths so you had to do it for the first couple of weeks, but you never seemed to mind spending time with her. As much as we will all miss you I know you are happy, and healthy again, and your with lot's of family and friends... This isn't goodbye, it's just an I will see you later. Love you, Liz*
