*Billy You are one of friends that I remember when I was growing up with my brother Billy could you please reach out and get in touch with me so I could be in touch with the people that were in touch with my brother because we lost touch with each other for over 30 years And I am so heartbroken to find him in a casket instead of shaking his hand and hugging him instead*

“ *Billy was always a part of the kids fun. No matter what they were doing or playing he always joined in. Even when it came to swimming in the pool and going back home soaking wet. Billy was always trying to have fun with all the kids and he always treated them all equally never picking favorites.* ”

*“ Billy will be forever in our hearts. We all miss you so much already. And although we will be saying our final good byes on Tuesday, the memories that we shared and all the good times and good things he did for all of the kids always without being asked will live in our hearts forever. Tyler, Zachary, and Emily have lost a wonderful grandfather who was always there for them and would always help and always tried to make sure all the kids were happy and included. It break z my heart to have to say goodbye so soon but I know that you are in a better place and that there is now another angel to watch over and protect everyone but having known you I know that you will watch over all the kids more than anyone else. Mom is going to keep your spirit alive and she will always be thinking of you. We all love you and may you forever be free from any pain you ever experienced. Rest in peace Billy. You were a great man. Love Kathy, Jason, Tyler, Zachary, and Emily*
