“ *Bill always had a smile, a joke and love for students. I worked with him for 30 yrs. He loved to tease and I admired his strength and service to our nation. He suffered through agent orange with no self-pity and was a dear colleague of whom I will always have great memories. A wonderful man who will be missed. Sorry I could not attend due to surgery yesterday. I am sure he is reunited with his many loved ones. His family should be very proud.*

“ Wow, I can't believe you are gone. I saw you last week when I was visiting my parents. I swear you never aged, I grew up living next to you. I remember getting your mail and paper for you when you went on vacation when I was little. I may not have had you for driver's education, but you did help me when I did learn to drive. You would come next door and either talk to me or one of my parents..... who ever took me out and gave us pointers. My heart goes out to your family, I wish I could say goodbye in person. You are going to be missed.

Bill Kenney, you were an honorable and well liked man of Hampton Falls, NH. You helped us all by being on the school board. The students and teachers appreciated all that you did. I had some of your children in my classroom, and they were great kids because of you and your wife, Janet. You will be missed by all who interacted with you and your caring nature. You are now with Janet. REST IN Peace, my friend.

“ When we learn, and live, with the skills of a teacher whose patience far outweighed the challenges before him,that is legacy. Mr. Kenney taught driving, safety, both by the book and on the road. I still think of him when he taught us that a sneeze could close our eyes long enough to distract us. Thanks to his tenacity, even my race car driving Dad felt safe behind the wheel with me. Love and light to the family and blessings of peace to you all.

“ Such a wonderful, kind man. He was my drivers education teacher. I
completed my course on my 16th birthday. When finished with my
last driving lesson, he told me what a great girl I was, and reached in
his pocket and gave me \$5 to celebrate the day. I just turned 40, and
this kind gesture is still thought of often.

“ I am not in his circle of friends, but I remember his direct way of speaking and dry wit. I occasionally ran into him over the years since WHS and we'd always have a word or two. Damned fine driver's ed instructor: no moving violations in over 40 years behind the wheel! Thanks for ALL your service, Bill.

“ *Mr. Kenney was a solid figure in our community for many years. He offered my father support when they were suffering the same medical challenges.*

He also taught many of us how to drive. I will never forget sitting at the intersection of Route 1 and Atlantic Ave. with him in Driver's Ed. The light turned green and I thought it would be a good idea to turn in front of oncoming traffic.

He braked vigorously so we did not get killed and explained the concept of ROW to me.

Bill Kenney was a good, kind man.

Condolences to his family.
